SOME PATIENTS PREFER MALE NURSES

Many different patients require healthcare. These patients all come in with various needs and desires. For example some men feel afraid to appear weak in front of women. Therefore they feel more comfortable with male nurse.

MALE NURSES PROVIDE A POSITIVE ROLE MODEL FOR YOUNG BOYS

Gender stereotypes still permeate our culture. As such, young men and boys should experience male nurses who love their job. Seeing males in non-traditional roles will help eradicate the biases at an early age.

Also young boys can benefit from having a role model who understands what they are going through. Sometimes talking about intimate aspects with unfamiliar women can challenge younger men.
